---

**Note:**

Incident information can be received from other University Administrators, who are defined by federal law as "campus security authorities" or "CSA." These administrators share non-identifying information, with the University Police, that is provided by the victim. In these incidents, the victim did not file an official police report and therefore, it is not always possible to provide information regarding the five areas typically covered in the Crime Log, i.e. (Nature/Classification, Date Reported, Date Occurred, Time, General Location, Off Campus or Disposition. Because an official University Police report was not filed, there may not be a disposition. These incidents are reported to the University Police for statistical purposes and are posted to the Crime Log as the information is received.
